

## DG Separator Cleaner

Acidic liquid product for cleaning separators discs and bowls

### **Product description:**

DG Separator Cleaner is acid based, powerful liquid blend of acids, surfactants and emulsifying agents. Product removes carbonized oil and lube oil from discs and bowls in separators. DG Separator Cleaner is non-flammable, contains no petroleum solvents. It passivates stainless steel.

### **How to use:**

DG Separator Cleaner can be used undiluted or mixed with fresh water (20% solution) depending on severity of contamination. Heating of product is not necessary but higher temperature of product increases cleaning process.

Remove the disc from separator and soak in cleaning solution of DG Separator Cleaner. Let the product act for 30 minutes up to a maximum of 2 hours.

There has to be enough space between cleaned elements.

After cleaning process, rinse cleaned elements with fresh water jet.
